

Please find below a guide to skull caps in common use on GB racecourses. Whilst not an exhaustive list these models comply with one or more of the required standards (**PAS 015: 2011, SNELL E2001, VG1 01.040 2014-12, UTAC/CRITT 04/2015**) from Jan 2017 and if they can be reliably identified as being one of these models, and are in good condition, individuals can be confident of their safety and compliance.
